**Subject:** Much love from an old girl now living in Australia

Dear Saint Michaels.

I have just looked up St Michaels on my computer and now I sitting here with tears of pride and joy running down my face at what I have seen. I matriculated from St Michaels in 1955 having been a boarder/ pupil there for about 6 years (Miss Andrews was principal) and Sister Hildergarde (Quizzy !) was in charge of the senior boarders. I am now almost 82 years old and every day I thank God for the grounding St Michaels gave me. I was the head of Clarendon House and achieved a first class pass in Matric in 1955 --- my surname then was Rowland – Mary (also called Molly) Rowland.

The school looks as though it is going from strength to strength – wonderful! If I ever get a chance to get to Bloemfontein again before I die, I will come and pay you all a visit. In the meantime please know that you are all loved and admired by an old girl. God bless you all as you go from strength to strength.

From Mary (Molly) Stedman nee Rowland.
