Professor Gérard Labuschagne

On Thursday, 21 September, St Michael's was thrilled to host Professor Gérard Labuschagne, a clinical psychologist and Director of L&S Management. His visit provided us with two opportunities: Prof Labuschagne graciously agreed to address the high school learners, which proved to be absolutely fascinating, but a number of staff also had attended a workshop on threat management in schools. We are proud to boast that we are Prof Labuschagne's first school visit in the country, and look forward to implementing a number of skills he provided us with. Our sincere thanks to him for helping us get one step closer to making St Michael's a happier and safer place for all!

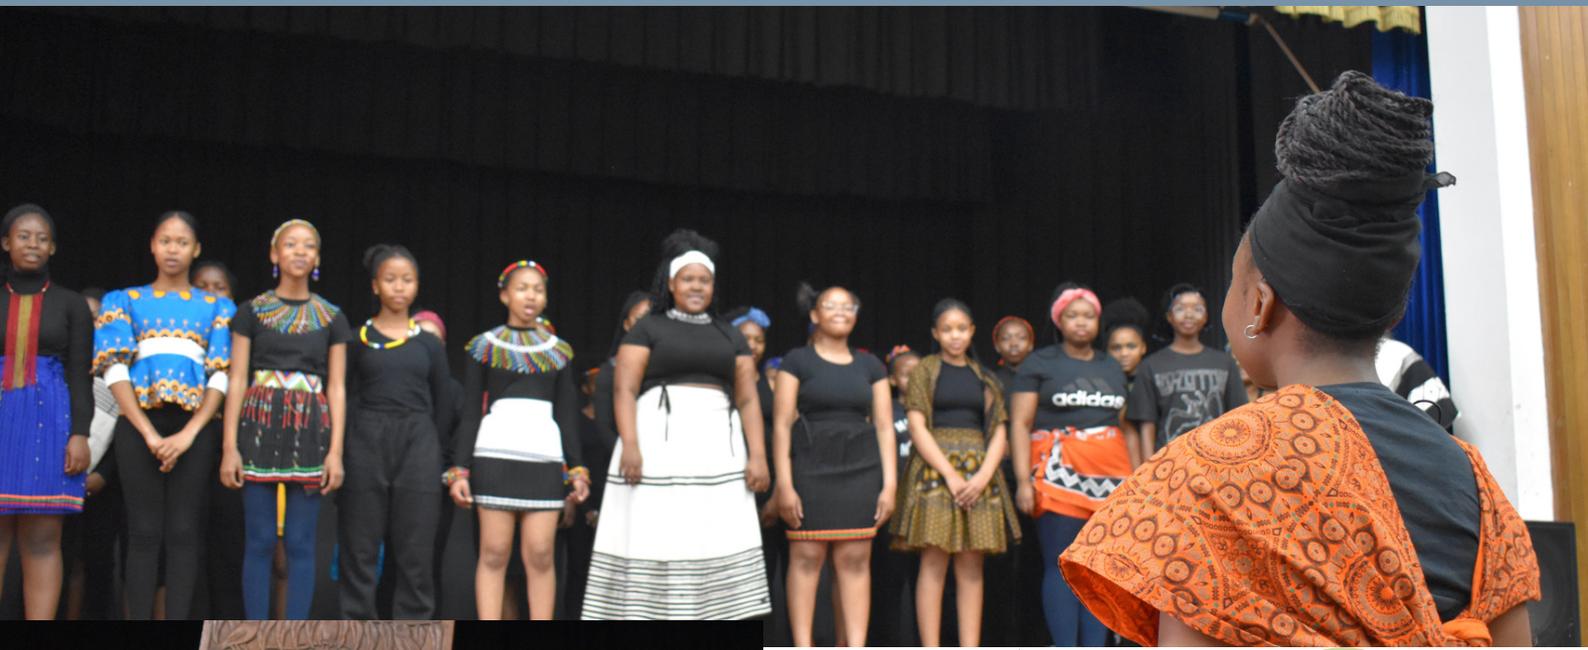

Sale of Work

Congratulations to the Grade 1 S1 class, who was the winning class for selling the most raffle booklets for Sale of Work. They sold a whopping 91 raffle booklets! Well done ladies! As their reward they took a day from school and visited Jumper's Lane and enjoyed a pizza and a lot of jumping and playing.
